

Dear Amy & Lisa,

I wanted to thank you, once again, for the incredible job you've done in creating the CHAMPS Kids Website (www.champskids.org) for me.

You sat with me for a couple of hours, over a nice coffee, and listened to all of the half-ideas and concepts I had heaped into my mind... all the things I wanted for the website but had no idea how to create or really what to ask you to do. All I knew was that I wanted it to engage, educate, and enthuse and delight the youth of America who had already begun their CHAMPS Campaign, or who were considering it. You listened and then you went to work!!!

Knowing what to do, you created a website that EVERYONE loves. Actually, you went above and beyond what I had imagined. Giving you control was the smartest thing I could have ever done. You came up with some of the most creative ideas (dogs paws up is my favorite), things I would never have thought of, and created everything that I needed and more.

I think that I told you that Perry Baltimore, the President of The Marshall Legacy Institute (MLI), and my boss, was against my going out of Washington, D.C., to find web designers and webmasters. But I'd heard such wonderful things about you and finally was able to convince him to let me engage you. And now, one of your greatest fans, he has asked you to recreate the MLI website and take over as webmasters. There is no higher compliment than that. We both get so many great calls and e-mails about what you've created to represent us. Thank you, thank you both. You took a huge weight off my shoulders and made me look good in the process.

Please feel free to give my contact information to anyone who might ask for references...I cannot say enough about just how wonderful you both are.

With warmest regards,

Kimberly
