

The Marshall Legacy Institute (MLI) first hired 2 Twins Design to create a website for our CHAMPS program (<http://www.champskids.org/>) towards the end of 2006. At the time, the MLI website, which is separate from the CHAMPS website, was being maintained by another webmaster. Once we saw the quality of service provided by 2 Twins Design, we terminated our website maintenance agreement with the original MLI webmaster and had 2 Twins re-design and maintain <http://www.marshall-legacy.org/>.

Aside from being aesthetically pleasing, both websites are also able to convey the necessary information in a succinct manner. So when it came time to put together a third website for a pilot charity golf tournament MLI was organizing, we didn't have to look too far to find our web designers / webmasters for the website (<http://www.mligolf.org/>). Amy and Lisa are very professional and they always deliver the content in a very timely fashion. Additionally, their rates are also very reasonable, which is an important consideration for a non-profit our size in the DC area.
